PART 2

Prorated Exemptions Worksheet

Complete the Prorated Exemption Worksheet to compute your allowable personal and dependent exemptions. The worksheet below is used to reduce your personal and dependent exemptions to an amount that is proportional to the number of days you resided in Virginia during the taxable year. The total exemption amount is the number of exemptions claimed prorated based on the portion of the year you resided in Virginia (see Ratio Schedule in Form 760PY Instructions).

Each spouse must compute his or her own prorated personal exemptions based on the number of exemptions claimed in the Exemption Section of Form 760PY. Use the separate exemption amounts for "you" and your "spouse" when completing Lines 1 - 11 of the worksheet. Enter the total prorated exemption in the appropriate column on Form 760PY, Line 14. If claiming Filing Status 2, the combined exemption amount for you and spouse should be entered on Form 760PY, Line 14, Column A.

For example, if you are single, claim no dependents and moved to Virginia on July 1, your prorated Virginia personal exemption is computed as follows:

\$930 (One personal exemption)

X .504 (Ratio Schedule factor for July 1 move to Virginia)

\$468.72 (Be sure to round to \$469.00)
